- KyleMcShane:** RT @GenyChat: The topic for tonight is GenY's legacy...what is it, what will it be, how can it be developed? #GenYChat
- josippetrusa:** A1 We'll be known as the web, know-it-all's, that can;t put down our bb's, but we'll fix the economy and environment generation #genychat
- GenyChat:** Q1. Does GenY just use technologies that GenX and Boomers created? Or, have we contributed new technology? #GenYChat
- GeraldDecelian:** #genychat @rblake My blog is geared toward human resources professionals and job seekers.
- WriterChanelle:** RT @GenyChat: Q1. Does GenY just use technologies that GenX and Boomers created? Or, have we contributed new technology? #GenYChat

- josippetrusa:** RT @GenyChat: Q1. Does GenY just use technologies that GenX and Boomers created? Or, have we contributed new technology? #GenYChat
- GenyChat:** RT @wildwomanfund: @GenyChat I think we've contributed new technology, look at Zuckerberg! #GenYChat
- jjgilgenbach:** Q1: I think we're using GenX and boomers original technology, but GenY are the ones who made it advance and into a big thing. #GenYChat
- jessicamalnik:** Q1: Of course not. Gen Y created Facebook! That's huge. #genychat
- KyleMcShane:** Q1. we are all standing on the shoulders of giants. adding to and improving on existing technologies and ideas #genychat
- wildwomanfund:** Agree with @josippetrusa, Our legacy will be the generation that had to create good boundaries, clean up the mess of the boomers. #genychat
- josippetrusa:** A1 like every situation in history, we built with what we have and create, reinvent and innovate with that. Ideas come from ideas #genychat
- Lindsay82309:** Q1. We've contributed! I think using technology is part of creating it. We help make it what it is. #genychat
- GenerationMeh:** @GenYChat Q1. More concerned with the ends to which we're using the technologies. Leverage vs. simple property rights #genychat
- RossLeadership:** Q1 - My initial thought is certainly better leveraged tech ##GenYChat
- WriterChanelle:** RT @jjgilgenbach: Q1: I think we're using GenX and boomers original technology, but GenY are the ones who made it advance. #GenYChat

- rblake:** We created Facebook, but isn't that just an avenue of the internet? I think we have contributed a great great great deal to Gen X. #genychat
- GeraldDecelian:** q1. Gen Y and X uses the technology that Gen Y created ( internet, GPS, Cell phone tech, computers).. #genychat
- GenyChat:** @GenerationMeh Could you explain that a little further, please. #genychat
- josippetrusa:** @wildwomanfund definitely! but in a sense new generations always have to solve problems from previous generations #genychat
- KyleMcShane:** i think our legacy may go down as the generation that put America in debt up to its neck #genychat
- jjgilgenbach:** Q1: It is simply GenY building on GenXs ideas that are built off the boomers ideas. And the next gen will build off what we create #GenYChat
- rblake:** @KyleMcShane The USA was in that debt far before we were even born. #genychat
- oline73:** @GeraldDecelian I think baby boomers invented most of that stuff, actually #GenYchat
- KyleMcShane:** @jjgilgenbach yes. we are standing on the shoulders of giants and must pick the fruit that is higher on the tree #genychat
- GenyChat:** Q2. Will our legacy be the generation that created Facebook? Would that be a bad thing? #GenYChat
- KyleMcShane:** @rblake i agree. but it is getting exponentially worse #genychat
- josippetrusa:** GenY will solve more problems and issues than ever before as our ability to do actually allows us to do more #genychat
- josippetrusa:** RT @GenyChat Q2. Will our legacy be the generation that created Facebook? Would that be a bad thing? #GenYChat
- rblake:** @KyleMcShane Yeah, but it's our Gen X leaders that are putting us there :P #genychat
- oline73:** @josippetrusa Good point. Here's my question: what problems is Gen Y creating that 2 year olds will eventually have to solve? #GenYchat
- jjgilgenbach:** Q2: GenYs legacy isnt just creating FB but making the internet mainstream and something thats pretty much a necessity to function #GenYChat
- kelly\_ashworth:** woooooops forgot about #genychat, hey gang!
- ChaChanna:** RT @rblake: @KyleMcShane The USA was in that debt far before we were even born. #genychat

- Lindsay82309:** Q2. It will be part of our legacy. We're also strategically using social media to connect businesses w/consumers. #genychat
- GeraldDecelian:** @oline73 We still have many cures to find. #genychat

- josippetrusa:** @oline73 understand there effects on people and the world #genychat
- RossLeadership:** Q2 - Rather than gen that created FB, more about social media, collaboration and lifestyle shift. #GenYChat
- josippetrusa:** A2 being the facebook generation is not a bad thing. It's all in the perception and use of that perception #genychat
- GenyChat:** Q3. Who do you know on Twitter that is making a difference right now for GenY? What are they doing? #GenYChat
- kelly\_ashworth:** @KyleMcShane I disagree, our country's debt has been worsening over the last 10 yrs... dunno about you but I was in middle school. #genychat
- jgilgenbach:** Exactly! RT @RossLeadership Rather than gen that created FB, more about social media, collaboration and lifestyle shift. #GenYChat
- GenerationMeh:** @GenYChat Q2 Tend to think legacy is (or has been) much more dependent on historical context/events & reactions to them than tech. #genychat
- KyleMcShane:** RT @RossLeadership: Q2 - Rather than gen that created FB, more about social media, collaboration and lifestyle shift. #GenYChat
- josippetrusa:** RT @GenyChat Q3. Who do you know on Twitter that is making a difference right now for GenY? What are they doing? #GenYChat

- GeraldDecelian:** RT @josippetrusa: RT @GenyChat Q3. Who do you know on Twitter that is making a difference right now for GenY? What are they doing? #GenYChat
- rblake:** @RossLeadership Do you think SM will hit a bubble like the www business? #genychat
- WriterChanelle:** RT @GenerationMeh It's what we're doing w/existing tech - remixing/mashing up/using it as a springboard for innovation that counts #genychat
- jgilgenbach:** Q3: @ericamayer is doing some great things using Twitter and SM for several societal problems facing GenY #GenYChat
- kelly\_ashworth:** RT @GenerationMeh It's what we're doing w/existing tech - remixing/mashing up/using it as a springboard for innovation that counts #genychat

#genychat

**GenyChat:** @Lindsay82309 Making me blush....sheesh #genychat

**jgilgenbach:** @rblake I think SM will hit a bubble, but will fare a lot better than the original dot-com bubble of the early 2000s. #GenYChat

**GeraldDecelian:** @rblake social media is the future. I bet within the next 3 years, Twitter will be all over times square instead of paper #genychat

**josippetrusa:** @WriterChanelle but we needed to be empowered and all be brought to one location #genychat
