KyleMcShane: @rblake yes i think there are too many BAD / inefficient job sites out there. thats why me and my friends are making @dreamfetcher #genychat

NKivitz: Q.1 I'm also doing the online job search. Doesnt feel very productive and am feeling stuck. #genychat

steve_campbell: A1: Creating one. #genychat

GenyChat: @TheSportsMole Are you making the resumes relevant to each company's needs? #GenYChat

leadmusicpic: @WriterChanelle yeah, i know the feeling, i finished school, but spent the first 6 years working at min wage in my field #GenYChat

steve_campbell: @KyleMcShane haha it feels good giving one #genychat

marianschembari: Y'all, online job boards are a huge waste of time. If someone's actually snagged a good job that way I'd love to hear about it #genychat

JSkow1: Q1: Back in college, I networked, used online tools, and my college's career services website where I found my current job! #GenYchat

CristinMcGrath: Q1: Twitter has actually landed me two interviews (one for a position and one informational). #genychat

GenyChat: #GenYchat RT @SaraBAllen: @marianschembari How did being featured in Real Simple come about? That's so cool. @genychat

KyleMcShane: @NKivitz I agree. it is very inefficient. so much time spent looking for & applying to jobs. then getting lost in a sea of resumes #genychat

marianschembari: RT @CristinMcGrath: Q1: Twitter has actually landed me two interviews (one for a position and one informational). #genychat // YES!!!

NKivitz: @marianschembari if shouldnt use online job boards...what do you suggest? #genychat

WriterChanelle: RT @CristinMcGrath: Q1: Twitter has actually landed me two interviews (one for a position and one informational). #genychat

SaraBAllen: @marianschembari How did being featured in Real Simple come about? That's so cool. #genychat

steve_campbell: Networking is always important. I try to think of ways to be creative and get noticed. Experience is hard to come by though. #genychat

JSkow1: @CristinMcGrath Twitter is a great way to connect to business owners and secure interviews #GenYchat

GenyChat: .@CristinMcGrath How did you....everyone's favorite word....leverage Twitter to find those positions? #genychat

CristinMcGrath: Temple's job website actually got me my current PT job with Dell...and was publicizing the positions with the Eagles. #genychat

leadmusicpic: Q1) when lost last job due to outsourcing/offshoring, outplacement firm said employers likely to hire 10% of workforce from online #GenYChat

marianschembari: @NKivitz Join orgs in your field. Get on LinkedIn and start talking to people. Create relationships with your dream cos on Twitter #genychat

GenyChat: #GenYChat RT @TheSportsMole I customize all cover letters to the company. I make sure I research there company and current projects etc

leadmusicpic: Q1) everyone says network, but what about business security that has the hiring manager locked in a hidden cave? #GenYChat

CristinMcGrath: @GenyChat I designed my Twitter profile to promote my job search, followed by a blog marketing me as a job seeker. Seems to work! #genychat

josippetrusa: A1 Traditional methods have got me nowhere. Twitter, LinkedIn, blogging, networking are taking me places #genychat

marianschembari: @CristinMcGrath Ooooh.... I do like alumni boards - they're more targeted and have already built relationships with the schools #genychat

JSkow1: @marianschembari @NKivitz LinkedIn is a great way to connect to many users. Also be active in groups in your field! #GenYchat

KyleMcShane: i have found jobs via family, friends, and even one on craigslist #genychat

GenyChat: RT @CristinMcGrath I designed my Twitter profile to promote my job search, followed by a blog marketing me as a job seeker #genychat

JSkow1: @CristinMcGrath Good thinking and very nice job! #GenYchat

steve_campbell: The success stories I read on Twitter are really helpful and inspirational. Companies adopting social media definitely helps me. #genychat

rblake: Exactly. RT @josippetrusa A1 Traditional methods have got me nowhere. Twitter, LinkedIn, blogging, networking are taking me places #genYchat

JSkow1: @marianschembari Alumni events are also great way to network! #GenYchat

WriterChanelle: RT @leadmusicpic @WriterChanelle i know the feeling, i finished school, but spent first 6 years working at min wage in my field #GenYChat

marianschembari: @JSkow1 I've gotten at least 5 clients through LinkedIn Q & A. I made a video tutorial on how to do it:<http://ow.ly/25xDo> #genychat

WriterChanelle: I'm there right now...except for the finishing school part @leadmusicpic #GenYChat

KyleMcShane: all of us have a jumpstart learning a very important skill - SM - that is revolutionizing business. leverage this skill! #genychat

rblake: I absolutely hate filling out personality questionnaires. I wish companies would get rid of them. Are they really a true test? #genYchat

WriterChanelle: @sarahkayhoffman Thanks for joining in the chat! #GenYChat

elle:

leadmusicpic : @rblake those can be so fake I feel, after a while, you know how what answers are going to produce what results #GenYChat

marianschembari: @KyleMcShane That's VERY true. Tho ppl should know that it might get them an SM position unless they're clear about what they want #genychat

JSkow1: @marianschembari Wow, thats very impressive. I'll have to take a look at it soon! #GenYchat

josippetrusa: @rblake Companies think the more elaborate the interview process the better the employee. My mind doesn't function in clockwork #genychat

steve_campbell: @marianschembari That is awesome. I definitely need to spend more time on LI. #genychat

GenyChat: Q2. What role does social media play in finding a job? #GenYChat

KyleMcShane: @leadmusicpic i agree. networking is very important in the job search. esp targeted/strategic networking w/ a purpose #genychat

marianschembari: @Steve_Campbell Yeah, it's totally underused cuz it looks kind of boring ;-) #genychat

JSkow1: @rblake I learned about the questionnaires in my old HR class. They do try to connect you to the company culture well #GenYchat

josippetrusa: RT @GenyChat Q2. What role does social media play in finding a job? #GenYChat

TheSportsMole: Is calling or emailing a company after submitting a resume a good or bad idea? Where's the annoying line? #GenyChat

leadmusicpic : RT @GenyChat: Q2. What role does social media play in finding a job? #GenYChat

josippetrusa: A2 You'd be surprised in who you meet and who is willing to give you a hand. Social media allows the unexpected to happen #genychat

KyleMcShane: @marianschembari true you need to be clear. i also think a lot of people here would actually love to get a SM position #genychat

JSkow1: @josippetrusa i also disagree with that process! I think knowledge, skill, growth, personality, and enthusiasm are all important #GenYchat

rblake: @JSkow1 Yeah but you can easily fake your way through those. Even an HR Mgr. told me to put what they want to hear. #genYchat

marianschembari: Q2: A HUGE one! The biggest if u play ur cards right. Can put u in touch with the right ppl & help u form actual relationships #genychat

WriterChanelle: RT @leadmusicpic: RT @GenyChat: Q2. What role does social media play in finding a job? #GenYChat

marianschembari: @KyleMcShane Also true ;-) #genychat

leadmusicpic : @TheSportsMole I would think at least confirming they received the package, then 3 weeks later, if no answer, ask about timeline #GenYChat

steve_campbell A2: Social media takes care of all of the research, most of the initial interaction, and it serves to

- ell:** supplement your resume. #genychat
- JSkow1:** @rblake I did have one when I applied to a restaurant last year. It was easy to navigate thru it! #GenYchat

- mikesevery:** Pseudo following three chats #sgachat #genychat #campuschat based on my follower feeds. Odd threads but similar stream of consciousness.
- WriterChanelle:** RT @steve_campbell: A2: Social media takes care of research, most of the initial interaction, and serves to supplement your resume #genychat
- josippetrusa:** @JSkow1 I agree. The reality is the majority of companies need people to keep their process going so those aspects are undervalued #genychat
- leadmusicpic:** Q2) SM not landed me job, but it put me in connection with a whole new world when I start looking again, I be in better position #GenYChat
- marianschembari:** Q2: SM is great for job hunters cus it's a way to remind ppl who u are. When networking IRL also find them online. Double team! #genychat
- JSkow1:** Q2: I never used social media at all in my search, but working in it now...it is such a HUGE factor. Esp. w/ companies online now #GenYchat
- J_Fuji:** A2: The existence of #jobhuntchat here on Twitter helps answer that, haha. I've seen some deals go down on that chat :) #genychat
- steve_campbell:** Yes! RT @KyleMcShane: Q2 branding yourself through SM can help you stand out to recruiters. also networking via SM is important #genychat
- marianschembari:** @leadmusicpic It's also THE BEST way to learn about changes in your industry! #genychat

- GenyChat:** RT @josippetrusa A2 You'd be surprised who u meet and who is willing to give you a hand. Social media allows unexpected to happen #genychat
- steve_campbell:** @sarahkayhoffman why thank you. I'm feeling the love tonight :) #genychat
- matthevy:** With SM and the web - there is no 'rehearsal', the camera is always on. Important to keep that in mind. #genychat
- josippetrusa:** @J_Fuji When does #jobhuntchat go down #genychat
- KyleMcShane:** @JSkow1 yes haha. so everyone - watch what you say on twitter, FB, etc ... the world is watching #genychat
- GenyChat:** Q3. What is one thing you wish you would have known about the job search process? #GenYChat
- josippetrusa:** Agreed RT @matthevy With SM and the web - there is no 'rehearsal', the camera is always on. Important to keep that in mind. #genychat

JSkow1: @josippetrusa I know, sadly! Employers need to rethink their strategy and keep employee values/ideas in mind #GenYchat

leadmusicpic : RT @GenyChat: Q3. What is one thing you wish you would have known about the job search process? #GenYChat

J_Fuji: @josippetrusa Mondays 10-11pm EST I believe. It's usually a very lively and interesting chat :) #jobhuntchat #genychat

jen_mccoey: Q2: Take a weekend. Make a comprehensive website fully focused on your target job. Worked for me: socialjenny.com #genychat

josippetrusa: @mattchevy You in essence functioning in your natural state #genychat

marianschembari: Watch what you say but have a personality! Too many job seekers forget that SM is a way to stand out, not look like every1 else #genychat

steve_campbell: A3: That there were things I could have been doing in school to drastically improve my chances #genychat

rblake: Yep! RT @J_Fuji: @josippetrusa Mondays 10-11pm EST I believe. Its usually a very lively and interesting chat :) #jobhuntchat #genYchat

marianschembari: @jen_mccoey YES! The website is soooo so important. #genychat

leadmusicpic : A3: talked with people in this field more #GenYChat

JSkow1: Q3: Being transparent is great during an interview, but you can't be TOO honest. #GenYchat

leadmusicpic : RT: @jen_mccoey I agree. Ive been told many times that an online CV like your site is mega helpful. Looking to make one soon! #GenYChat

josippetrusa: @j_fuji That's great! I'll check it out, thanks for the heads up #genychat

cdilly: @steve_campbell Interesting. What kind of things? #genychat

leadmusicpic : @JSkow1 Transparency is so true, you have to be open, but kind of like on a first date, don't let it all hang out... #GenYChat

josippetrusa: RT @GenyChat Q3. What is one thing you wish you would have known about the job search process? #GenYChat

KyleMcShane: @GenYChat Q3: wish i knew how important networking was earlier. wouldve saved me alot of time and would have met alot more people. #genychat

J_Fuji: Q3: I wish I had been shown the 'hidden job market' quicker. Every1 talks about it but until you SEE it... big difference. #genychat

marianschembari: Q3: The traditional way of looking for work is becoming obsolete. Loved the career counselors at school, but damn are they behind #genychat

josippetrusa: Q3 That employers lie about how great a job is in order to get to the interview and you find out its hell #genychat

GenyChat: RT @KyleMcShane Q3: wish i knew how important networking was earlier. wouldve saved me alot of time and would have met more people #genychat

J_Fuji: @josippetrusa No problem! I hope you find it useful. #genychat

KyleMcShane: @Steve_Campbell yes! everyone thats still in school TAKE ADVANTAGE OF ALL OF THE RESOURCES SURROUNDING U. ur missing out if u dont #genychat

roryellis: RT @GenyChat: RT @marianschembari: Watch what you say but have a personality! SM is a way to stand out, not look like every1 else #genychat

NKivitz: Completely agree.RT@KyleMcShane:Q3: wish i knew how important networking was earlier. wouldve saved me alot of time and would ... #genychat

steve_campbell: @cdilly Basically what I'm all about now :) Branding, networking, marketing, blogging/content creation...putting myself out there #genychat

leadmusicpic: @J_Fuji 'hidden job market' (ha ha) I'm still trying to find it...I know it's there as I've seen it work #GenYChat

marianschembari: Q3: Also! That just because you're patient doesn't mean you're going to get a job "any day now". Doesn't work that way, cupcake. #genychat

JSkow1: Q3: Some employers aren't too specific on the job description or write something else, and tell you the truth during the interview #GenYchat

J_Fuji: @marianschembari My dad's advice is to fire off 2,000 resumes everywhere. I'm not a big fan of the carpet bomb, heh. #genychat

steve_campbell: @KyleMcShane Yes. Definitely get a solid internship while you're in school too. And practice mock interviews and get resume help #genychat

leadmusicpic: A3: took time earlier in my life to figure out me before I launched my job search #GenYChat

NKivitz: @sarahkayhoffman I havent tried Linkedin yet. From all this discussion im thinking its my next step #genychat

JSkow1: @josippetrusa very nice thanks for the info! #genychat

GenyChat: Q4. What method(s) have you found to be the most effective when looking to get a job? #GenYChat h/t to @josippetrusa for the ?

J_Fuji: @leadmusicpic It's essentially a roundabout way of agreeing with the "LEARN TO NETWORK" sentiment. Caps well earned IMO. #genychat

rblake: @GenyChat I want HR people to be more upfront about a job. If i'm not going to be hired, let me know instead of never hearing from #genYchat

leadmusicpic: @JSkow1 I have had that happen to me to many times... #GenYChat

JSkow1: Passion is everything! RT @steve_campbell: @leadmusicpic Yes! I needed to find my passion before I could truly be happy in a job #GenYchat

WriterChanelle: Hear that @BrazenCareerist ? RT @SaraBallen: @NKivitz Brazen Careerist is equally as useful as Linkedin #genychat

leadmusicpic: @steve_campbell yeah I think hat has cost me in landing some jobs - the passion wasn't there #GenYChat

NKivitz: @KyleMcShane Yup im on there! I just need to make more of an effort on there it seems. #genychat

marianschembari: @KyleMcShane @NKivitz No, you really do. LinkedIn Q&A and participating in relevant groups have been the 2 most helpful for me. #genychat

SaraBallen: @j_fuji Brazen seems more about entertainment/media companies. #genychat

steve_campbell: Wherever there is a platform in which you can reach ppl or be seen, create a profile there. Offers can come from anywhere #genychat

mmbizon: RT @mattchevy: Q4 It starts and ends with networking. The good companies aren't posting their jobs on Craigslist. #genychat

KyleMcShane: Q4: proactively talk to people about how u r looking for a job and tell them about ur skills/strengths/experience. ull be noticed #genychat

GenyChat: That's great! You're on your way. RT @rblake: @GenyChat Networking got me an interview and an intern - both on Twitter :D #genYchat

steve_campbell: @leadmusicpic Me too, me too. #genychat

marianschembari: @NKivitz While I love Brazen, I'm unsure how helpful it is in getting a job. That said, since joining my blog traffic has gone up #genychat

leadmusicpic: Q4 I've also learned it is good to hang out where the 'good companies' hang out - you never know who your going to meet! #GenYChat

J_Fuji: @SaraBallen Ah, okay. Good to know! Thanks :) #genychat

JSkow1: @SaraBallen I just signed up on @BrazenCareerist, and a little confused of how to get started #GenYchat

marianschembari: @SaraBallen Yippeee! Send us the link! #genychat

leadmusicpic: Q4 where are all the "good guys/gals" going? is something to think about #GenYChat

NKivitz: @marianschembari Looks like starting tomorrow I have some LinkedIn work to do! Looks like im going to shift my focus there. #genychat

GenyChat: Q5. Do you test different techniques in different interviews or do you always take the same approach? #GenYChat

JSkow1: RT @mmbizon: RT @mattchevy: Q4 It starts and ends with networking. The good companies arent posting their jobs on Craigslist. #GenYchat

steve_campbell: Just revamped my Brazen profile today. Trying to be more involved there for sure. #genychat

TheSportsMole: I love Twitter, but feel like it hasn't at all helped me to land a job or even get in the door! #GenYChat

steve_campbell: A5: "When someone asks me a question, I tell them the answer." #genychat

marianschembari: @NKivitz Haha - yes! Mission. Accomplished. #genychat

leadmusicpic: RT @mattchevy: Q4 It starts and ends with networking. The good companies arent posting their

: jobs on Craigslist. #GenYChat

marianschembari: Besides the nice community and offering up advice, has anyone found Brazen helpful in terms of actually finding work? #genychat

wsteelerfan: RT @TheSportsMole: I love Twitter, but feel like it hasn't at all helped me to land a job or even get in the door! #GenYChat

Pizzazzerie: RT @mattChevy: Q4 It starts and ends with networking. The 'good' companies aren't posting their jobs on Craigslist. #genychat

NKivitz: @marianschembari haha I'll let you know how the mission goes! #genychat

KariOBrien: dear #genYchat I'm a recent grad with multiple opportunities: pick your partner carefully, woo them intensely & groom yourself to fit them.

SaraBAllen: @JSkow1 use it search for jobs. You don't need the fanciest profile. That's under "Profile" and "Edit" #genychat

JSkow1: Q5: I always was myself, and did in-depth research of the company to connect how I could add to their long-term value #GenYchat

rblake: @TheSportsMole It's not Twitter - it's who you know on Twitter. Following someone won't get you a job, knowing someone will. #genYchat

leadmusicpic: Q5: there are so many types of interviews that may be performed, it's unbelievable and impossible to prep for all #GenYChat

KyleMcShane: @NKivitz if ur looking to get info about a specific industry im sure 1 of ur connections knows some1. u can b introduced on Lnkdn #genychat

J_Fuji: Has anyone looked at <https://www.gulpfish.com/> yet? Another Social Media career site thing... #genychat

JSkow1: @SaraBAllen I'm trying to build a community with my company, not for job searching #GenYchat

KariOBrien: f something good comes along take it-it may lead somewhere. if you know what you want, then networking helps. know what you want! #genYchat

steve_campbell: @J_Fuji Nice. I'll be sure to check it out. #genychat

marianschembari: RT @JSkow1: Q5: Always was myself, & did in-depth research of company to connect how I could add to \long-term value #GenYchat / Me too.

J_Fuji: @leadmusicpic Yeah, I found my best approach was to actually go in 100% unrehearsed. Was much more relaxed/real. #genychat

GenyChat: Q6. If you've used Social Media networking tools to get a job, what did you do specifically? What tools did you use? #GenYChat

cdilly: @marianschembari agreed. Brazen's cool for connecting w peers, but not too many mid-career or hiring folks there it seems. #genychat

mattchevy: Q5 Be yourself. Don't try to be who you think they want you to be. Important that they like you for you. #genychat

J_Fuji: @steve_campbell Not sure how good it is, use @ own risk, haha. #genychat

steve_campbell: @J_Fuji Thanks. I'll scope it out from a distance lol #genychat

ell:

SaraBAllen: @jskow1 For a company I would use a Facebook group. Brazen is for job searching :) #genychat

JSkow1: @mattchevy Yes! Sometimes they can tell if you're "faking" yourself #GenYchat

GenyChat: and closely behind Q7. How long did it take to find a job through some form of social media?
#GenYChat

KyleMcShane: Q5: i think each interview is slightly dif depending on the interviewer. Important to stay positive and illustrate ur strengths #genychat

marianschembari: Q7: Two weeks, baby! #genychat

NKivitz: @KyleMcShane I hope so! I'm excited to get more involved on LI now after this talk. #genychat

JSkow1: @SaraBAllen Ok, thank you so much for the info! #GenYchat

J_Fuji: @SaraBAllen I'd advise a FB Page, there is a distinction between that and a Group! #genychat

leadmusicpic: Q5 be prepared to tell them briefly about you, how you may help them, and be yourself with the other situational base questions #GenYChat

MsCindylee: Learning from some great advice via #genychat tweets.

WriterChanelle: Excellent! RT @NKivitz: @KyleMcShane I hope so! I'm excited to get more involved on LI now after this talk. #genychat

SaraBAllen: @j_fuji Very true #genychat

KariOBrien: linkedin and Twitter are good for networking, learning about a company, their culture, and the industry. #genychat agree with @thesportsmole

steve_campbell: for Q6 & 7, I think answers will vary. There can't be a set combination of tools or set time to finding a job with social media. #genychat

WriterChanelle: It only took you two weeks to get a job?? Wow. What did you do? RT @marianschembari: Q7: Two weeks, baby! #genychat

J_Fuji: @SaraBAllen @JSkow1 And if you do create a Page leverage the Static FBML app to its fullest extent. Makes for a MUCH richer Page. #genychat

Poet_James: @GenyChat Response to Q7, So far it hasn't. I'll you know when it has worked though XD #GenYChat

SaraBAllen: Q6ish: I don't know what I would post in a LinkedIn group (yet) #genychat. I thought discussion board dried up in the 90's.

marianschembari: @WriterChanelle Facebook ads, blogging, Twitter. Which all led me to freelance work within 2 days, which led me to a job. #genychat

JSkow1: @J_Fuji Thanks! I did use some, and it is wonderful! Any good sites for additional tips for FBML to make it richer? #GenYchat

steve_campbell: @SaraBAllen Actually forums/discussion boards are still some of the most popular sites on the internet #genychat

GenyChat: RT @rblake: @TheSportsMole It's who you know on Twitter. Following someone won't get you a job, knowing someone will. #genYchat

KyleMcShane: @SaraBAllen no there are some great convos going on in discussion boards on LinkedIn. just gotta find good groups #genychat

cdilly: @marianschembari How did you use FB ads? #genychat

SaraBAllen: @marianschembari I love your blog. I want to sign up for "Critique my Profile" #genychat

WriterChanelle: @rblake That is exactly the right idea! #genYchat

J_Fuji: @SaraBAllen D boards as in forums? They're still a huge part of SM. Found a key community of a client's target market in forums!:) #genychat

marianschembari: @SaraBAllen Just see what other people are talking about, asking questions about. Spend a week just reading. #genychat

JSkow1: @SaraBAllen I'm trying to engage interaction on my company's discussion board on LI, and it is challenging! #GenYchat

josippetrusa: Stepped out for 10 mins and im lost, ha #genychat

steve_campbell: I 2nd this question :) RT @cdilly: @marianschembari How did you use FB ads? #genychat

SaraBAllen: @Steve_Campbell So true. Anthony Bourdain did a food show on the important guys who run food forums. #genychat

JSkow1: It is very fast paced! RT @josippetrusa: Stepped out for 10 mins and im lost, ha #GenYchat

WriterChanelle: Wonderful!! Glad we could be of assistance. RT @MsCindylee: Learning from some great advice via #genychat tweets.

marianschembari: @SaraBAllen Thanks! You totally should. Leave a comment here: <http://ow.ly/25y9y> #genychat

steve_campbell: @SaraBAllen haha it's hard to believe but it's true #genychat

WriterChanelle: RT @SaraBAllen: Q6ish: I don't know what I would post in a LinkedIn group (yet) #genychat. I thought discussion board dried up in the 90's.

KyleMcShane: @JSkow1 maybe people just dont know about the page. try putting the link to it out there more in places customers frequent #genychat

J_Fuji: @JSkow1 I mostly used the dev wiki <http://lnkby.me/mL> - for anything else a quick Google search usually did the trick! #genychat

WriterChanelle: There are some GenY groups on LinkedIn. You should check those out. @SaraBAllen #genychat

leadmusicpic: @JSkow1 @SaraBAllen i have the same issue with a nonprofit group that has a LI page too on training and development #GenYChat

josippetrusa: A5,6,7,8 I found that being yourself and expressing your ideas is the most fluid way to your success. Doors just start to open #genychat

WriterChanelle: haha! Yesssssssss. Can't keep up!! RT @josippetrusa: Stepped out for 10 mins and im lost, ha #genychat

KyleMcShane: RT @josippetrusa: A5,6,7,8 I found that being yourself and expressing your ideas is the most fluid

e: way to your success. Doors just start to open #genychat

oline73: @GenyChat Q6: I've had success with Craig's List doing side jobs- that's not really social media though #GenYchat

JSkow1: @KyleMcShane Ok thank you! Yea, with social media it is important to get all of your sites out on every type of medium #GenYchat

steve_campbell: I've got to peace out early guys. Once again a great chat! See you all next week! #genychat

marianschembari: @Steve_Campbell @cdilly Advertised myself on the pgs of my ideal employers. You can read the whole story here: <http://ow.ly/25yaj> #genychat

leadmusicpic: I second that @josippetrusa, and use SM as a way to showcase who you are!!!! #GenYChat

steve_campbell: @marianschembari Great! Thanks! #genychat

CristinMcGrath: Q4: Networking has definitely worked. Back in the day, I had more experience than some. Now it is all about who you know. #genychat

JSkow1: @leadmusicpic Are you trying to engage your audience through discussion, questions, or news articles? or all? #GenYchat

GenyChat: Q8. How honest is too honest is on a cover letter? What's the most outlandish thing you've written? #GenYChat

KyleMcShane: @JSkow1 definitely. u may have to personally engage in convos elsewhere & draw participants to you site for more convos #genychat

josippetrusa: @leadmusicpic The irony is that I've always been myself. My blog has taken me to unimagined levels but I'm still the same guy #genychat

JSkow1: @KyleMcShane I was at a social media event this morning in #ROC and @sirlinkedalot said to send direct personal messages to engage #GenYchat

marianschembari: Q8: I was always enormously passionate on my letters. Often w/ exclamation points. Ppl knew I applied cuz I wanted to be THERE #genychat

leadmusicpic: @JSkow1 we have tried all types of these, mainly using discussion/questions on meeting topics #GenYChat

josippetrusa: RT @GenyChat Q8. How honest is too honest is on a cover letter? What's the most outlandish thing you've written? #GenYChat

NKivitz: I gotta head out but thank you for all of the help and advice! Can't wait for next week's chat :-)
#genychat

SaraBallen: @leadmusicpic LinkedIn (and I should look into it more) has yet to engage me. It seems so stuffy. #genychat

marianschembari: @sarahkayhoffman How cool! So excited to check that out! #genychat

leadmusicpic: @josippetrusa ha, I agree, my blog has helped me to better understand "me" and where I want to make a positive impact to the world #GenYChat

josippetrusa: A8 I stopped writing cover letters long time ago. No one has time to read it and it could be your demise for that position #genychat

JulieatCiti: 100's of new #jobs posted today w/ Citi Financial all over the country! Apply at<http://jobprescreen.citigroup.com>! #genychat #jobhuntchat

KyleMcShane: @GenYChat honesty is the best policy haha. just keep it professional & express ur interest in the job and knowledge of the company #genychat

leadmusicpic: Q8, try to keep it to 3 paragraphs, about 3 sentence in each; don't do like a former friend of mine : 2pgs #GenYChat

rblake: @josippetrusa Even when they ask for cover letters? I think it's essential sometimes - although I loathe them. Greatly! #genychat

CristinMcGrath: Q8: I've heard so many things about cover letters. Now I take the time to customize every single one I write. Always honest though #genychat

marianschembari: Alright, time for dinner now ;-)) If anyone wants to check out Pajama Job Hunt, you can find the info here: <http://ow.ly/25yfb> #genychat

KyleMcShane: @JSkow1 good strategy. also comment on related article and post on relevant threads. put a link to ur site in ur signature #genychat

CristinMcGrath: Q8: I use bullets too. Easy to read. #genychat

JSkow1: Q8: Of course be honest. I've always focused on my experiences and how it correlates to the position, straight to the point #GenYchat

CristinMcGrath: Have to step out for the evening! Great tips though everyone! :D #genychat

J_Fuji: FYI for socmed networking / cool 'game' try the new <http://empireavenue.com> - goes public soon but easy to find invites on Twitter #genychat

JSkow1: @KyleMcShane yes great ideas, thank you for the advice! #GenYchat

josippetrusa: @rblake If you're emailing someone, that email is your CL and if you're talkin to someone, thats your CL. No point in writing more #genychat

JSkow1: @leadmusicpic Try direct personal messages to engage. Something I will have to focus on also soon! #GenYchat

WriterChanelle: Q8. I know I've been tempted to write that I should be hired because I need to move out. Lol. #GenYChat

KyleMcShane: @JSkow1 no problem. here to help anytime #genychat

josippetrusa: @rblake I refuse to write a cover letter. It's not practical #genychat

leadmusicpic: Q8 what has been good 4 me list where you found the job, 1-2 of ur strengths, latest news on the company, ur fit, ur contact info #GenYChat

KyleMcShane: lots of black and white avatars in #genychat tonight haha

J_Fuji: Weird, you're right! | RT @KyleMcShane: lots of black and white avatars in #genychat tonight haha

#genychat

josippetrusa: A8 I've also found that being blatantly honest and doing the unexpected has always drawn attention in the application email #genychat

J_Fuji: @josippetrusa What if the position asks for one? #genychat

leadmusicpic : @KyleMcShane never realized that until you pointed out..every1 looking so professional!!
: #GenYChat

JSkow1: @josippetrusa I always use to get so confused if a company only asked for a resume, if I should have sent a cover letter also #GenYchat

JSkow1: Its the way to be! :) RT @KyleMcShane: lots of black and white avatars in #genychat tonight haha #GenYchat

josephrooks: RT @mattchevy: Q4 It starts and ends with networking. The 'good' companies aren't posting their jobs on Craigslist. #genychat

oline73: Q8: Isn't it past the time we should just be sending people a link to our work so they can see for themselves? #genychat

kellydwyer2 : If you've got 3-4 minutes can you share your opinions on #GenY #leadership issues with me for a uni project? bit.ly/9MtPkh #GenYchat

KyleMcShane: @leadmusicpic haha yea i may have to get 1 to get a more professional image on twitter #genychat

JSkow1: @oline73 very great point! Definitely add the link onto your contact info on top of your resume #GenYchat

leadmusicpic : @oline73 oh I totally agree, everything else has gone paperless, why not this part of life???
: #GenYChat

SaraBallen: @josippetrusa I applied to work at the Met in NYC and wrote about that movie where Big Bird gets lost at the Met. No phone call. #genychat

josippetrusa: @j_fuji If anything only junior, entry-level, and odd positions ask for cover letters. Anything else understands you dont need one #genychat

JSkow1: @kellydwyer22 Sure! I would be glad to! #GenYchat

KyleMcShane: @oline73 you will be able to do that @dreamfetcher soon! as well as get connected with jobs. stay tuned! #genychat

josippetrusa: @JSkow1 Never send more than what they ask. Use the initial email correspond to act as an introductory piece #genychat

MsCindylee: Thank u! RT @WriterChanelle Wonderful!! Glad we could be of assistance. RT @MsCindylee: Learning from some great advice via #genychat tweets

J_Fuji: @josippetrusa Fair enough! Good to know, thanks #genychat

ryguyMN: Stick with an email for followup RT @TheSportsMole: Is calling or emailing a company after submitting a resume a good or bad idea? #GenYChat

oline73: @leadmusicpic I don't do the hiring at my job, but when someone applies first thing I do is google them to see what's up #GenYchat

JSkow1: @josippetrusa I see, thank you! #GenYchat

josippetrusa: @SaraBAllen Sorry, I missed the context of your statement. Could you elaborate a little? #genychat

KyleMcShane: its great how free the discussions are on #genychat . just enough moderation but not too much

JSkow1: I definitely agree!RT @ryguyMN: Stick with an email for followup #GenYchat

josippetrusa: @j_fuji @JSkow1 That's my approach at least and it's worked for me, to some extent. But no approach is flawless #genychat

SaraBAllen: @josippetrusa It's a museum in NYC and they filmed an episode of Sesame Street their when I was little. It was 4 a marketing post. #genychat

J_Fuji: @kellydwyer22 What kind of issues did you have to discuss? #genychat

SaraBAllen: @josippetrusa I think it's outlandish to reference a kids tv show in a cover letter. #genychat

josippetrusa: I always call first, found it works better RT @JSkow1 I definitely agree!RT @ryguyMN: Stick with an email for followup #GenYchat

KyleMcShane: be sure to check out <http://blog.dreamfetcher.com> for some great #job and #HR advice #genychat

J_Fuji: @josippetrusa It's worth considering. The CL often feels a bit too impersonal anyway (yet it feels awkward to be personal in one). #genychat

JSkow1: Has anyone ever sent a follow-up email for a job that they got rejected for asking for interview feedback? #GenYchat

WriterChanelle: RT @oline73 @leadmusicpic I don't do the hiring, but when someone applies first thing I do is google them to see what's up #GenYchat

josippetrusa: @SaraBAllen I know of it and I like ur idea. Though, youre dealin with a conservative establishment, outlandish wouldnt be 4 them #genychat

GenyChat: RT @AroundHarlem: Luv the idea --> #GenYChat What do you guys think of this guy<http://bit.ly/dCP0aV> who got a job through a Google campaign

josippetrusa: @j_fuji Definitely, I find cover letters to be opporunity destroyers simply because you might write an unappealing piece #genychat

JSkow1: @GenyChat It was very clever! Great way to differentiate yourself from the clutter of all the job seekers #GenYchat

SaraBAllen: @josippetrusa I think I've learned I'm not an ideal candidate for a conservative establishment. #genychat

leadmusicpic: great talking to everyone, gotta sign off 6am comes early. c u next week #GenYChat

KyleMcShane: @leadmusicpic @Steve_Campbell @NKivitz @marianschembari @WriterChanelle @JSkow1 @j_fujithanks for the great convos 2night at #genychat

JSkow1: @KyleMcShane You are quite welcome! Have a great night, and hope to see you next week here #GenYchat

KyleMcShane: @JSkow1 i did and they never got back to me. kind of rude. was talking to some1 else this week and they got feedback tho #genychat

josippetrusa: @SaraBAllen I will agree with your statement since I feel the same way. #genychat

J_Fuji: @KyleMcShane Cheers! #genychat

GenyChat: Also...Carlos Gil <http://bit.ly/cBwfNX> who started his own company after being unable to find a job. #GenYChat

JSkow1: @KyleMcShane back in college, a professor told me it's bc of legal issues if you dont hear back from them #GenYchat

ArrowsWithSoul: #genychat so so late. i missed out on the chat!

josippetrusa: Nonsense! RT @JSkow1 @KyleMcShane back in college, a professor told me it's bc of legal issues if you dont hear back from them #GenYchat

KyleMcShane: @JSkow1 yea i think youre right. a company i worked for couldnt even give recommendations bc of company policy only references #genychat

WriterChanelle: @ArrowsWithSoul We're still going! #genychat

JSkow1: @KyleMcShane Hmm, that's very interesting. I haven't heard of that before. #GenYchat

WriterChanelle: @KyleMcShane You're welcome! Thank you for participating :) #genychat

WriterChanelle: @mscindylee You're welcome! #genychat

WriterChanelle: @SaraBAllen Let me know how it goes. I need to get more into LinkedIn, as well. I just have a couple polls and my blog up #GenYChat

ArrowsWithSoul: @jskow1 it was an attempt to stand out from the rest...but for wrong reasons i think! too much 'attitude'! #genychat

KyleMcShane: @JSkow1 haha yes. my managers were cool though. i dont hold it against them at all. #genychat

GenyChat: @JSkow1 Absolutely. I think the take away from this is to position yourself to meet influential people. #GenYchat

rblake: @josippetrusa I kinda got distracted at the end of #genychat - I'm a sucker for Reality T.V. and the new Real World came on - haha

GenyChat: @j_fuji Ummmmm....if you're low on money, is there another option to taking people out for drinks? Lol #genychat

JSkow1: @GenyChat exactly! You have to be in the mindset of a great marketer to network and stand out #GenYchat

oline73: @J_Fuji totally agree. Some of the most fruitful connections I made started as a whim-surprises happen all the time if u r social #GenYchat

JSkow1: @oline73 It does happen, you never know who you're going to meet just walking in a store! #GenYchat

A0K: @KariOBrien hey! In my exp, that last bit is opposite the truth: a match is organic; shouldn't require "grooming to fit a company" #genychat
