**marocmam** did i miss #genychat?  
**a:**

**GenyChat:** Nope. Just starting! RT @marocmama: did i miss #genychat?

**josippetrusa** @BeyondGenre I guess they can follow what Obama did :P #genychat  
**:**

**marocmam** I'm Amanda I'm a project manager by day and write a moroccan food and culture blog - i'm trying to get a SM consulting biz up #genychat  
**a:**

**steve\_campbell:** @marocmama Nice! I'm interested in starting the same kind of biz. #genychat

**GenyChat:** Q1. How can GenY work around the Catch 22 lack of experience trap? #GenYChat

**WriterChan** @marocmama Ooo.....sounds tasty! #genychat  
**elle:**

**steve\_campbell:** RT @GenyChat: Q1. How can GenY work around the Catch 22 lack of experience trap? #genychat

**marocmam** A1 tough tough call, i think by showing companies that you have skills even if not in an employment context #genychat  
**a:**

**malapropic** Q1 #genychat Incorporate experience into EVERYTHING you do--which means picking & choosing what to invest your time in.  
**ninny:**

**WriterChan** @carol\_phillips @elysa We're starting right now! #GenYChat  
**elle:**

**josippetrusa** A1: That's something I'm trying to figure out myself #genychat  
**:**

**steve\_campbell:** A1: Either go to grad school, volunteer, or start your own business to bolster that resume. #genychat

**marocmam** i've found my computer and internet skills have been a huge advantage over older more "experienced" workers #genychat  
**a:**

**josippetrusa** A1: definitely do what you can with the resources you have it great. Connect on linkedin, twitter and blog if you can #genychat  
**:**

**WriterChan** RT @steve\_campbell: A1: Either go to grad school, volunteer, or start your own business to bolster that resume. #genychat  
**elle:**

**steve\_campbell:** Any skills you can learn on your own and connections you can make are a big plus too. #genychat

**amfunderburk1:** @Steve\_Campbell What is #genychat?

**BeyondGenre:** A1 I think GenY has the advantage that many ppl don't have this day and age, growing up w/internet & social media #GenYChat

**josippetrusa** A1: i've got some great and interesting response from my blog so much so people don't want to hire me entry level. #genychat  
**:**

**WriterChan** I think that's one of the interesting issues for GenY. All of the ways for us to gain entry cost us

**elle:** money @steve\_campbell #genychat

**marocmam a:** have any of you run into the too qualified for entry level issue? but not enough so for upper level positions? #genychat

**josippetrusa :** i've been told I don't sound entry level and think beyond that but when I ask for another role i dont have experience lol #genychat

**GenyChat:** @josippetrusa You should share that post during the #LINKLOVE portion at the end of the chat #genychat

**marocmam a:** @josippetrusa yes same here! #genychat

**josippetrusa :** @GenYChat I will Chanelle, just remind me #genychat

**WriterChan elle:** RT @josippetrusa been told I don't sound entry level and think beyond that but when I ask for another role i dont have experience #genychat

**steve\_campbell:** @WriterChanelle Definitely. And we need that money for the job hunt! #genychat

**WriterChan elle:** RT @marocmama: have any of you run into the too qualified for entry level issue? but not enough so for upper level positions? #genychat

**intellectfish:** RT @WriterChanelle: I think that's one of the interesting issues for GenY. All of the ways for us to gain entry cost us money @steve\_campbell #genychat

**josippetrusa :** @marocmama I laugh all the time. recruiters think im crazy. employers think im out of my mind. im just asking for the chance :) #genychat

**josippetrusa :** RT @carol\_phillips @josippetrusa Josip, I can vouch for the fact that you don't sound entry level! Love your blog. #genychat

**GenyChat:** Where are all my GenX'ers and Boomers?? We need you!!  
@TerrenceWing @nahumg @LandDDave@marciamarcia #GenYChat

**amfunderburk1:** Hi everyone! My name is Ashley and this is my first time in this chat! :) #genychat

**Generation Meh:** @marocmama Absolutely! There's a weird gray area were it seems you can only move laterally. #genychat

**josippetrusa :** @carol\_phillips Your too kind Carol! I flourish when I'm around great minds. #genychat

**josippetrusa :** all of you are great minds #genychat

**steve\_campbell:** @amfunderburk1 Welcome, Ashley ;) #genychat

**amfunderburk1:** @steve\_campbell Is there a question or is this just an open chat? #genychat

**marocmam a:** @amfunderburk1 hi ashley welcome! #genychat

**tyippie:** YEY #genychat!! Hey everyone :) #genychat

**GenyChat:** Q2. Are any of your peers that don't have a degree finding jobs? #GenYChat

**amfunderburk1:** @steve\_campbell Hello :) and ignore that last tweet I sent your way haha. #genychat

**carol\_phillips:** #genychat Gen Y has been accused of being impatient about upward mobility. Is this merited?

**steve\_campbell:** @amfunderburk1 Q1 was: How can GenY work around the Catch 22 lack of experience trap? #genychat

**amfunderburk1:** @marocmama Hi there! #genychat

**GenyChat:** Welcome! Glad you could make it RT @amfunderburk1: Hi everyone! My name is Ashley and this is my first time in this chat! :) #genychat

**laurenkgray:** @WriterChanelle Yes!! quite a few of my friends have said they have been "over-qualified" for entry level positions. #genychat

**WriterChanelle:** @tyippie Hey hey hey! #genychat

**malapropicniny:** Q2 #genychat No & peers w/ degrees aren't finding jobs either--they're filling time by going back to (grad) school or doing internships.

**laurenkgray:** Kinda chiming in every now and then to #genychat! Hola everyone!

**amfunderburk1:** @GenyChat Glad I am here! I always love finding new chats and this looks like a great one! :) #genychat

**tyippie:** @WriterChanelle Hey girl! Finally made it tonight! #genychat

**steve\_campbell:** @carol\_phillips Definitely. We don't like the idea of having to work up a ladder to gain more recognition/responsibilities. #genychat

**GenyChat:** Welcome! I'm a fan of chimes. Lol RT @laurenkgray: Kinda chiming in every now and then to #genychat! Hola everyone!

**malapropicniny:** #genychat @carol\_phillips I think impatience towards upwards mobility is merited; I can't wait to graduate & take over the world!

**josippetrusa:** @carol\_phillips I think there is a sense of generational jealousy involved. we havent "paid out dues" so we dont deserve it #genychat

**amfunderburk1:** Q2- The only people I know that do not have degrees finding jobs are positions in the food industry and other places like that. #genychat

**WriterChanelle:** RT @GenyChat: Q2. Are any of your peers that don't have a degree finding jobs? #GenYChat

**marocmama:** @josippetrusa however in a lot of cases we're actually more qualified than the people in the jobs! #genychat

**amfunderburk1:** Some of my friends that have already graduated are having a very hard time finding a job WITH a degree. #genychat

**WriterChanelle:** @christammiller Are the kids asleep yet? #GenYChat on now

**marocmama:** A2: not of any career substantial level....i have friends with degrees who can't get a job, i was in that position for awhile! #genychat

**tyippie:** RT @amfunderburk1: Some of my friends that have already graduated are having a very hard time finding a job WITH a degree//TRUE #genychat

**steve\_campbell:** A2: My peers that don't have degrees work night shifts and have manual labor jobs. Rough business. #genychat

**josippetrusa:** @marocmama I agree with you 100% when I was interning at an agency last summer i was killer! #genychat

**TerrenceWing:** Degree or no degree, its about targeted strategy. Don't apply 2 everything hoping something sticks. B strategic #genychat

**amfunderburk1:** @steve\_campbell Same here. They pretty much take what they can get to make an income. #genychat

**josippetrusa:** @marocmama my account director didn't like me maybe its because I prove him wrong once or twice lol #genychat

**WriterChanelle:** A reminder for folks coming in ---> RT @GenYChat: Q1. How can GenY work around the Catch 22 lack of experience trap? #GenYChat

**malapropicnanny:** #genychat @marocmama @josippetrusa @carol\_phillips Job qualifications seem to change faster than ever & GenY is not adverse to adapting.

**TerrenceWing:** Gain experience through volunteering at professional orgs. Possibly a local chapter. They always need help #genychat

**steve\_campbell:** @amfunderburk1 And there's nothing wrong with that, but you'd think somebody could catch a break. #genychat

**tyippie:** @steve\_campbell I have a friend has a degree in IR and is now working in cosco...dont get it.. #genychat

**TerrenceWing:** Do something independent with your talent to prove what you are capable of #genychat

**christammiller:** @WriterChanelle Yes! Just signing in now... computer being slow... :) #GenYChat

**laurenkgray:** @TerrenceWing That's a good idea. People always want experiences and references, even willing to do a lot of free work for it. #genychat

**amfunderburk1:** @josippetrusa Don't you hate when you point out a mistake that a person higher up than you has made and they get angry? #genychat

**josippetrusa:** @malapropicnanny "bachelor degree require. masters degree preferred" all to common #genychat

**laurenkgray:** @GenYChat haha thanks for the welcome! #genychat

**WriterChanelle:** Like a blog? RT @TerrenceWing: Do something independent with your talent to prove what you are capable of #genychat

**steve\_campbell:** @tyippie That's odd. Gotta do what you gotta do I suppose. #genychat

**amfunderburk1:** @steve\_campbell Exactly! I am having a hard time finding a summer part-time job because no one is hiring, not even fast food! #genychat

**malapropicinny:** RT @TerrenceWing: Do something independent with your talent to prove what you are capable of #genychat

**josippetrusa:** @malapropicinny I wrote something the other day on my blog about the era of the masters degree, #genychat

**laurenkgray:** @amfunderburk1 Umm yes! and then higher up people don't listen to you because you "don't have enough experience." BS. #genychat

**WriterChanelle:** RT @tyippie: @steve\_campbell I have a friend has a degree in IR and is now working in cosco...dont get it.. #genychat

**GenerationMeh:** @TerrenceWing Agreed. And something other than simply starting a blog because everyone else is doing it. #genychat

**josippetrusa:** @amfunderburk1 its pretty interesting really, we're all on the same team trying to do the best. put the ego aside and lets go #genychat

**tyippie:** @amfunderburk1 hmm well, it also depends on where you are..told you to come to NY!! #genychat

**malapropicinny:** @josippetrusa lol yes! It's very hard for students in college nowadays to get (paid) professional experience in the real world. #genychat

**TerrenceWing:** @tyippie I am on the Board of a local chapter of ASTD in Los Angeles #genychat

**amfunderburk1:** @laurenkgray Exactly! I really dislike that. People make mistakes. Learn to accept it. #genychat

**WriterChanelle:** RT @amfunderburk1: @steve\_campbell I'm having a hard time finding a summer part-time job b/c no one is hiring, not even fast food! #genychat

**steve\_campbell:** @amfunderburk1 Yeah I'm trying to land that first big job and it hasn't been easy. #genychat

**josippetrusa:** Chanelle wrote something great anout internships. I cant get one because im not a student lol #genychat

**amfunderburk1:** @josippetrusa Agreed. We're all here to do the same thing, why get angry when people are trying to help. #genychat

**kelly\_ashworth:** hey guys.. popping in for a few :) what are we talking about? #genychat

**steve\_campbell:** Yep RT @josippetrusa: Chanelle wrote something great anout internships. I cant get one because im not a student lol #genychat

**BeyondGenre:** Q2 In my case, I was able to rely on my work experience and my connections to gain the job w/o the degree #GenYChat

**josippetrusa:** @malapropicinny definitely. but whats more interesting as the work forces opens up there will be huge voids in the workforce #genychat

**amfunderburk1:** @tyippie I should! If only I could take my classes up there.. haha #IloveNY #genychat

**laurenkgray:** @malapropicinny It is very hard to college students. I feel we aren't taken seriously sometimes because of the "partying" rep. #genychat

**tyippie:** @TerrenceWing o cool! I'm actually in a biz frat :) #genychat

**GenyChat:** Q3. What was your first job out of college and how did you get it? #GenYChat

**tyippie:** @BeyondGenre Yep! 80% of the job market is through connections. #genychat

**steve\_campbell:** @kelly\_ashworth Hey! We're talking about not having jobs even with a degree. #genychat

**laurenkgray:** @BeyondGenre if you don't have experience nowadays, you are going no where. Experience matters. References matter too! #genychat

**tyippie:** OH! Question: how important is your GPA in landing your first job? #genychat

**WriterChanelle:** RT @carol\_phillips: #genychat Organizations are flattening, there may not be enough upward mobility to accomodate everyone's expectations.

**marocmama:** @carol\_phillips I like the concept of valuing all employees and empowering them w/in the organization no matter what the title #genychat

**amfunderburk1:** @steve\_campbell What is your degree in? #genychat

**kelly\_ashworth:** @Steve\_Campbell @josippetrusa you can try to get on the boards of organizations that are somewhat related to what you want to do #genychat

**steve\_campbell:** @tyippie Almost meaningless. I graduated over a year ago and I don't even include my GPA on my resume anymore lol #genychat

**amfunderburk1:** @tyippie I've heard that companies are not allowed to ask your GPA and they don't even think about it unless you put it on resume. #genychat

**NKivitz:** Hey guys! my first time joining in...what are we talking about? #genychat

**malapropicinny:** Word! RT @laurenkgray It's very hard to college students; we aren't taken seriously sometimes because of the "partying" rep. #genychat

**josippetrusa:** what I also find interesting is that there are more "professionals" graduating that professions available another GenY issue #genychat

**marocmama:** A3 had a family to support and it was health insurance claims, "real" 1st job was as an exec asst. on cap. hill in DC #genychat

**steve\_campbell:** @amfunderburk1 information sciences and technology, but I've been really interested in marketing and social media this past year. #genychat

**josippetrusa:** @kelly\_ashworth the problem with that is that people are not buying what I'm selling, at least not yet #genychat

**laurenkgray:** @Steve\_Campbell Really? I've heard mixed things about GPA being important. I have a 3.83 and I keep it on my resume. Should I? #genychat

**GenyChat:** Welcome to the chat! RT @NKivitz: Hey guys! my first time joining in...what are we talking about? #genychat

**malapropic ninny:** @amfunderburk1 Indeed-it's frustrating to think about how much \$ you're dropping on classes that seem useless in the real world :( #genychat

**BeyondGenre:** I would have to highly agree with that! RT @tyippie: @BeyondGenre Yep! 80% of the job market is through connections. #genychat

**steve\_campbell:** @kelly\_ashworth It took me a year to figure out what that was (what I wanted to do). I think that's very Gen Y :) #genychat

**GenyChat:** RT @GenyChat: Q3. What was your first job out of college and how did you get it? #GenYChat

**kelly\_ashworth:** @tyippie I don't think its too imp.. more of a tie breaker. it can show your desire to succeed but you can do that in other ways. #genychat

**amfunderburk1:** @malapropicninny Thanks for sharing! My favorite city wasn't on there though.. :/ #genychat

**josippetrusa:** I think and im sure other people do also that maybe the system that we're currently in doesn't function with us #genychat

**tyippie:** @steve\_campbell So basically it's all about the experiences on your resume from now on... #genychat

**marocmama:** @steve\_campbell i agree i'm just figuring it out now too (ba almost 5 yrs ago!) #genychat

**tyippie:** @kelly\_ashworth This is interesting cuz my parents are always saying how my gpa will make or break me.. #genychat

**BeyondGenre:** Very true! RT @laurenkgray: @BeyondGenre if you don't have experience nowadays, you are going no where. Experience matters. #genychat

**malapropic ninny:** @josippetrusa lol yes; when there are 25yo MBAs providing consulting for firms in biz for 30 yrs, I think that's just ridiculous. #genychat

**amfunderburk1:** @steve\_campbell Gotcha. What all can you do with that degree? I think you could definitely get a marketing job in that industry! #genychat

**steve\_campbell:** @laurenkgray If you consider it a big achievement then leave it on, but someone hiring isn't going to ask about it. Experience! #genychat

**Holly\_Harkness:** @GenYChat Baby boomer here joining the chat. #genychat

**NKivitz:** I wish I could say I had 1! Just grad and searching RT @GenyChat: Q3. What was your 1st job out of college and how did you get it? #genychat

**malapropic ninny:** @laurenkgray I've read general rule of thumb is 3.5 & up, keep it on your resume. =) #genychat

**kelly\_ashworth:** @Steve\_Campbell I'm in an entry level position that will let me build skills that will hopefully B applicable when i find out haha #genychat

**amfunderburk1:** @malapropicninny For real! I hate that most of the things we learn seem kind of out-dated because our teachers haven't been (cont) #genychat

**laurenkgray:** @BeyondGenre Gracias! #genychat

**amfunderburk1:** @malapropicinny in the real world for many years! #genychat

**marocmama:** @tyippie i've never put my GPA on a resume, never had it asked for, nor my transcripts requested...#genychat

**GenyChat:** Woohoo! Welcome! RT @Holly\_Harkness: @GenYChat Baby boomer here joining the chat. #genychat

**steve\_campbell:** @tyippie Everyone who graduated college probably has a decent GPA. It doesn't really separate you from the pack. #genychat

**GenerationMeh:** @TerrenceWing Unless you're a good writer & interested in the content, blogging is a waste of time as a job search strategy. #genychat

**laurenkgray:** @Steve\_Campbell I've had people ask about my GPA before. Experience does matter the most though. #genychat well and criminal record haha

**TerrenceWing:** Q3: After college went right into the military. The best decision I ever made. The experience was incredible & invaluable #genychat

**amfunderburk1:** @malapropicinny @laurenkgray I've heard 3.8 or don't even put it on there. #genychat

**steve\_campbell:** @kelly\_ashworth Well at least you're on the right track :) #genychat

**GenyChat:** @NKivitz What are you doing to search for a job? #genychat

**kelly\_ashworth:** @tyippie I think that there is a chance it might hurt you if its a 2.5 or below but otherwise not a biggie #genychat

**tyippie:** @TerrenceWing Where are you originally from? #genychat

**BeyondGenre:** I was recruited straight out of my 2 yr college to an entry level position, then worked my way up... #Hospitality #GenYChat

**amfunderburk1:** Q3- I haven't graduated yet! I definitely look forward to everyone else's answers though. :) #genychat

**laurenkgray:** Thanks, will do! RT @malapropicinny: @laurenkgray I've read general rule of thumb is 3.5 & up, keep it on your resume. => #genychat

**tyippie:** @kelly\_ashworth Hm..yeh I should still keep it up regardless. college is expensive! #genychat

**steve\_campbell:** @amfunderburk1 Right. My degree is more geared towards consulting or systems integration, but emerging technologies is what I like #genychat

**NahumG:** Sorry I'm late #genychat

**TerrenceWing:** @WriterChanelle @GenerationMeh A blog is a start but what impact does your blog have? That's what an employer looks for, RESULTS #genychat

**kelly\_ashworth:** I had a 3.3 overall, 3.6 in major, put both on to get first job, and will probably not include in the future unless asked (cont) #genychat

**steve\_campbell:** A3: Networking became my full time job :) #genychat

**kelly\_ashwo:** also I haven't been unemployed since graduating... went from a temp to a perm at a dif company if

**rth:** that gives my opinion value haha #genychat

**BeyondGenre:** Darn, have to run guys, but it was nice chatting with you all!! Look forward to reading the feed later #GenYChat

**malapropicniny:** RT @TerrenceWing A blog is a start but what impact does your blog have? That's what an employer looks for, RESULTS #genychat

**TerrenceWing:** @GenerationMeh A blog is not a job search strategy, it is a value strategy. U demo your value to your readers. #genychat

**NKivitz:** @GenyChat I've been applying to dif. jobs found online, so far unsuccessful tho. New strategy is joining chats & netwrking! #genychat

**tyippie:** RT @steve\_campbell: A3: Networking became my full time job :)// love. #genychat

**amfunderburk1:** @steve\_campbell That's really cool! Good luck on your search! :) #genychat

**GenyChat:** Glad you made it! RT @NahumG: Sorry I'm late #genychat

**NahumG:** job advice is quite variable. There r good examples 4 every case. not one absolute solution #genychat

**steve\_campbell:** @laurenkgray Haha very true. It's good to be able to quantify achievement too. People don't want to read past job descriptions. #genychat

**malapropicniny:** RT @TerrenceWing A blog is not a job search strategy, it is a value strategy. U demo your value to your readers. #genychat

**josippetrusa:** its also interestng to see the new wave of jobs as a result of technology and social media and there qualifications #genychat

**TerrenceWing:** New York. Don't tell me u can read my accent. RT @tyippie: Where are you originally from? #genychat

**amfunderburk1:** @NKivitz Networking is SO important! Knowing and building relationships with people can potentially lead to a job. #genychat

**LindsayNK9:** Checkin out #genychat

**tyippie:** @TerrenceWing True. It's a place for your to show your point of view and take a stance. #genychat

**WriterChanelle:** God Bless Twitter. It has helped me so much with networking RT @steve\_campbell: A3: Networking became my full time job :) #genychat

**steve\_campbell:** @amfunderburk1 Thanks. Not really sure where it's gonna take me...but that's what I like about it :) #genychat

**Holly\_Harkness:** Q1. A tough one. Depends on the field you want to break into. Internships or volunteer work can help, but don't pay the bills. #genychat

**laurenkgray:** @Steve\_Campbell Achievements and awards show progress and status I think. It shows you can do something and you can do it right! #genychat

**NKivitz:** @amfunderburk1 That is what I'm hoping for! #genychat

**tyippie:** @TerrenceWing LOL i'm in ny now! So u went to the US army? #genychat

**kelly\_ashworth** : @josippetrusa i would look 4 groups that R not location based to get involved in.. some1 somewhere may be thinking the same stuff #genychat

**gacross** : RT @WriterChanelle: RT @carol\_phillips: #genychat Organizations are flattening, there may not be enough upward mobility to accomodate everyone's expectations.

**josippetrusa** : @kelly\_ashworth i agree and I've been looking. It seems looking for something these days is harder than it use to be lol #genychat

**tyippie:** @laurenkgray Might not be able to make #prgirlschat tonight..I woke up this morning with a REALLY bad headache #genychat

**NKivitz:** @WriterChanelle That's a hard choice i'm facing right now too #genychat

**steve\_campbell:** @amfunderburk1 That's good! The best networkers I've seen on Twitter are marketing/PR people. Such a good fit. #genychat

**NahumG:** How do u do this, @MOARdrew ? REf: I squeeze about 50 into 24 @keithpetri #genychat

**josippetrusa:** @tyippie I wrote about that yesterday. degrees will only increase. education is losing its value #genychat
