ariellescott: Hi @skooloflife, happy to see you here! #genychat

TheKrayze1: @inspiredtrain I guess it depends on the type of career you pursue. Right now I can use the 100k more than the degree. #genychat

ArrowsWithSoul: RT @WriterChanelle: Q1. What does it mean to be talented at something versus skilled? #genychat

catelouie: RT @WriterChanelle: First question will come from me, but please follow @ariellescott for the remainder of the questions #genychat

withoutboots: A1: You can be talented at something AND have skill. Talent is "natural", but it's enhanced with practice. #GenYchat

kmithani: A1 I think we can use the words interchangeably when describing ourselves #genychat

catelouie: RT @GenyChat: Q1. What does it mean to be talented at something versus skilled? #genychat

BrandiNeloms: A1: Interesting question. Talent comes naturally. Skill can be perfected or learned. #GenYChat

THO_R: Thanks. Already have one ;) RT @danielleleslie: Everyone on #genychat! Can I get anyone a drink? (This is me mingling. ;) #genychat

CoachJennie: #genychat A1: A skill is something you learn then hone; a talent is something you learn then soar! #genychat

WriterChanelle: Hey! Welcome to the chat RT @skooloflife: hey guys I'm srini i have a blog called theskooloflife.com and I run @blogcastm #genychat

catelouie: Ahh Q1 is a tough question. Talent v skill #genychat

inspiredtrain: A1 Awesome Q. My definition is Talent is natural, skilled is learnt/taught. You can be naturally talented. Skills are earned. #GenYchat

TheKrayze1: A1. Talent you are born with skill is gained from practice.. #Genychat

YouTernMark: @CoachJennie 12P to 4P is the event...should be fun. <http://bit.ly/aypdKM> #genychat

inspiredtrain: RT @BrandiNeloms: A1: Interesting question. Talent comes naturally. Skill can be perfected or learned. #GenYChat

ThatTeowonna: Talent insinuates something that is God-given or natural... skilled means learned. @WriterChanelle#genychat

ArrowsWithSoul: A1 skilled is learned and adopted. Talented is God given n cultivated, harnessed frm within w passion. #genychat

onejillian: A1: being talented in an area, IMO, means having good instincts for it, versus taking learned steps. #genychat

kmithani: RT @CoachJennie #genychat A1: A skill is something you learn then hone; a talent is something you learn then soar! #genychat

WriterChanelle: That's exactly why I asked it. Lol. RT @catelouie: Ahh Q1 is a tough question. Talent v skill #genychat

BrandiNeloms: A1: It looks like we all agree on the talent v. skill question. Follow-up Q (if I may): Which of the two is more important. #GenYChat

ariellescott: Awesome, I love the answers for Q1. Let's hop into a deeper and personal question for Q2 #genychat

YouTernMark: A1 Talent is typically proportional with passion for the "talent" -- skill is developed through focus on the passion #genychat

inspiredtrain: Sports stars are talented. Sports Coaches are skilled. #GenYchat

kmithani: Can someone arguing a talent is natural or God-given, give an example? #genychat

CoachJennie: Thanks for the RT love @catelouie & @kmithani: #genychat

ariellescott: Q2. What drives you to do what you love for a living? What is important to you? #genychat

WriterChanelle: So everyone agrees talent is an ability you are born with, while skill is learned ability? #genychat

onejillian: @CoachJennie -- GREAT point of view! #genychat

skooloflife: I think every one has talent, but when it's nurtured it becomes a skill #genychat

danielleleslie: I like! RT @CoachJennie: #genychat A1: A skill is something you learn then hone; a talent is something you learn then soar! #genychat

BrandiNeloms: @kmithani Personal example: you can be naturally good at communicating, but it takes skill to be good at media relations. #GenYChat

THO_R: RT @ariellescott: Q2. What drives you to do what you love for a living? What is important to you? #genychat

TheKrayze1: Not so much RT @WriterChanelle: Piano playing RT @kmithani: Can someone arguing a talent is natural or God-given, give an example? #genychat

lrbray: A2: As a student, the prospect of future opportunities drives me to get through the rollercoaster that is college. #GenYChat

TheKrayze1: I think piano playing is something that you may have an affinity to but you still need practice to hone it into a skill. #Genychat

THO_R: @ArrowsWithSoul @WriterChanelle Long-time singer here would argue that skills can over come lack of natural talent. #genychat

WriterChanelle: @TheKrayze1 You'd argue that playing the piano well is something you can learn? #genychat

ariellescott: @lrbray A2. What kind of opportunities drive you to get through college? #genychat

inspiredtrain: @kmithani Child prodigies. We have a 14 yr old at #UBC who will grad this year! Talented, not skilled. #GenYchat

onejillian: A2: I haven't gotten there yet...but doing what you have small talent for is a good start. #genychat

TheKrayze1: Yep.. RT @WriterChanelle: @TheKrayze1 You'd argue that playing the piano well is something you can learn? #genychat

catelouie: @lrbay I agree! I graduated from college last December. Everytime I wanted to give up, I thought about my future. #genychat

WriterChanelle: @onejillian What do you mean by small talent? #genychat

withoutboots: Plus, I NOW firmly believe that if you do what you love, the money will follow. I didnt always. It was a process to get here. #GenYchat

WriterChanelle: @TheKrayze1 Can you forget a skill that is learned? #genychat

kmithani: Could a talent also become an acquired skill? I don't believe its something natural but a result of the environment u grew up in #genychat

CoachJennie: A2: I help people drop the BS & embrace Audacity. In turn, they take on the world! My clients unused potential drives me! #genychat

BrandiNeloms: A2: I'm driven to do what I love because my natural talents make it easy for me to develop the skills I need to succeed. #GenYChat
